## COURSE DETAILS

The Fundamental Critical Care Support (FCCS): Obstetrics course is designed for intensivists and non-intensivists who may provide maternal/fetal critical care and for clinicians in obstetrics seeking additional education in critical care.

The FCCS-OB course provides a combination of didactic lectures and hands-on skills stations with an emphasis on pregnant patients. The two-day, comprehensive curriculum offers an approach to initial management of the critically ill obstetrics patient for providers not formally trained in critical care. Participants will learn useful information about the extended care of critically ill obstetrics patients, especially care related to mechanical ventilation, monitoring, organ hypoperfusion and neurological support. Providers will receive guidance for acute problems encountered in the ICU and for sudden obstetrics patient deterioration.

At the completion of the course, students will be able to:

- Prioritize assessment needs for the critically ill pregnant patient.
- Explain physiologic changes during pregnancy.
- Describe specific maternal obstetric and medical conditions and appropriate treatment.
- Determine the need for expert consultation and/or patient transfer and prepare the practitioner for optimally accomplishing pregnant patient transfer.
- Describe appropriate steps for fetal assessment, delivery, and neonatal management.
- Describe optimal maternal CPR and airway management in the care of the critically ill pregnant patient

## REGISTRATION INFORMATION

Registration Fee: \$550  
Registration Deadline: Feb 15, 2020

To register and pay for this offering, go to:  
<https://www.hawaiiipacifichealth.org/health-wellness/continuing-education/3159>

Space is limited so you are encouraged to register early.

Your book will be mailed to you when your registration is received. You are encouraged to read the book prior to class.

## CONTINUING EDUCATION

In support of improving patient care, Hawai'i Pacific Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Hawai'i Pacific Health designates this live activity for a maximum of 16.5 AMA PRA Category 1 Credit(s)<sup>™</sup> for physicians and 16.5 contact hours for nurses.
