# Emergency Nursing Pediatric Course

## 6<sup>th</sup> Edition

### November 17<sup>th</sup> and 25<sup>th</sup>, 2025

### Kapi'olani Medical Center

### Conference Rooms 8-10

**Course Description:** ENPC is an internationally standardized course designed to provide anyone who works in a pediatric setting with pediatric emergency nursing knowledge and psychomotor skill experience.

- Multi-platform learning with a provider manual, interactive pre-course online modules, and instructor-led classroom activities
- Case-scenario based online modules, some with avatar driven simulation experiences
- Patient experience videos allow you to hear from pediatric patients and their caregivers
- Electronic testing using the provider manual as a reference
- Hands-on skill stations for trauma, respiratory emergencies, and procedures and sedation
- Games and other interactive exercises to explore prioritization and various pediatric emergency patient presentations

ENPC officially attended by RNs; other health care professionals may attend the course as auditors.

**2-Day Provider Course Registration Fee: \$165 (book included).** A provider manual and access to pre-course online modules will be provided to you approximately one month prior to the course date. Completion of the pre-course online modules is **required** before the first day of the class.
