

healthier is a walk with a doc

Join us for a walk around the Wilcox campus with Dr. Carol Fujiyoshi, OB-GYN at the Kaua'i Medical Clinic. A free healthy breakfast and talk on cancer issues will follow the walk. Then, stay for a special video conference with Hawai'i Pacific Health physicians and specialists who will be discussing cancer care. Call 245-1198 to register.

If you need special assistance, please call at least 48 hours prior to the event.

For more information and resources on living a healthy lifestyle, go to LiveHealthyKauai.org.
