

# Breast Cancer Care Hawai'i Pacific Health

## Public Reporting of Outcomes

### 2018

Hawai'i Pacific Health is proudly home of two Nationally Accredited Breast Programs (NAPBC) and three Women's Centers across the state. We are dedicated to improving the quality of care for patients with diseases of the breast. Receiving breast care at Hawai'i Pacific Health you can be assured that is held to the highest standards of care.

Our Women Centers provide fun-filled events that include manicures, massages, and makeovers but most importantly **education and mammograms** are done at our facilities.

- On September 28<sup>th</sup>, **Pali Momi Women's Center** Girls Night Out attract 86 women from West Oahu! Three women had a follow up mammogram with no positive outcomes.
- **Kapi'olani Medical Center for Women and Children's Women Center** offered "Celebrate Me" in town on October 18<sup>th</sup>. Ten Women were screened and 3 required additional views and 6 month follow up.
- At **Wilcox Medical Center**, a fun-filled evening in education on May 17, 2018, resulted in 21 women signing up for mammography with 6 completing. Thankfully, all had negative outcomes.
- On May 3<sup>rd</sup>, **Straub Medical Center**, along with its sister Women Centers participated in the Women's Way to Health at the Prince Waikiki. Leading to scheduling of many Mammogram

**At Hawaii Pacific Health, our mission is to create a Healthier Hawaii for all of the Women of Hawaii.**

See more information about our Mammogram Services here:
