

### ***AWHONN Intermediate Fetal Monitoring***

Comprehensive 2-day course is critical for enhancing and validating nurse's ability to interpret and respond to fetal heart monitoring tracings. Skills taught and knowledge assessed include:

- Maternal & fetal physiology
- Interpretation of fetal and uterine monitor tracings
- Evaluation of auscultated fetal heart sounds
- Leopold's Maneuvers
- Placement of FSE and IUPC
- Evaluation of and strategies for enhancing communication

**Prerequisite:** ≥ 6 months obstetric experience  
 2 day course = 18 CNE (Attendance required both days)

### ***AWHONN Advanced Fetal Monitoring***

Course is designed to prepare perinatal clinicians to care for patients with complex fetal heart monitoring tracings. Course components include:

- Complex case studies that include recommended interventions
- Communicating with colleagues
- Advanced principles of maternal-fetal physiology

**Prerequisite:** Intermediate Fetal Monitoring or comparable fetal monitoring education program  
 1 day course = 8 CNE
