PROGRAM OVERVIEW

As part of an ongoing commitment to education and community involvement, Hawai'i Pacific Health in partnership with local high schools offers a ground-breaking Medical Assistant certificate program to train high school students for careers in the health care field. This sponsored program will enable students to learn the skills necessary to enter the health care field upon graduating from high school and excel in a career as a Medical Assistant.

- Classes and labs held on week days and Saturdays to accommodate student's schedule
- Classes taught by experienced health care professionals
- Successful completion of this program prepares students to sit for a nationally recognized Medical Assistant certification exam
- Program combines classroom training and clinical experience for immediate application of new skills
- Priority consideration for employment with HPH and/or other community partners for each student who successfully completes the program and passes the certification exam
