

Advanced Cardiac Life Support (ACLS) Provider Course

Course Description

Providers will enhance their skills in the treatment of the adult victim of a cardiac arrest or other cardiopulmonary emergencies. ACLS emphasizes the importance of basic life support CPR to patient survival; the integration of effective basic life support with advanced cardiovascular life support interventions; and the importance of effective team interaction and communication during resuscitation.

The American Heart Association strongly promotes knowledge and proficiency in all AHA courses and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the AHA. Any fees charged for such a course, except for a portion of fees needed for AHA course materials, do not represent income to the AHA.

Intended Audience

Registered nurses, physicians, emergency technicians, respiratory therapists, emergency personnel in Intensive Care or Critical Care departments, emergency medical providers, and other professionals whose jobs require completion of a written test and successful skills performance.

Course Pre-requisites

- Precourse Self-Assessment test with a score of 70% or higher (registrants must bring a printout of the test to class; ***no admittance without the precourse self-assessment test with a passing score***).
 - To access the ACLS Precourse Self-Assessment, go to elearning.heart.org/courses and click the 'Courses' link at the top left of the screen then select 'Advanced Cardiovascular Life Support (ACLS)'.
 - Scroll down to the 'ACLS Precourse Self-Assessment' course and click 'LAUNCH THIS COURSE' to begin.
 - For questions regarding accessing the ACLS Precourse Self-Assessment, please contact the American Heart Association Customer Service at 1-888-242-8883.
- Please dress appropriately in casual business attire or scrubs. We do not allow shorts, tank tops or slippers.
- Please wear a face mask during class (eye protection is optional).
