

# COVID-19 Vaccinations for Children Ages 6 Months Through 11 Years Old

## WHAT YOU NEED TO KNOW

*Thank you for scheduling an appointment for your child's COVID-19 vaccine at Kapolei High School. Following is important information about how to prepare for your appointment.*

### LOCATION:

Kapolei High School  
91-5007 Kapolei Parkway  
Kapolei, HI 96707

### VACCINE EVENT HOURS:

Saturday-Sunday, 9 a.m. to 5 p.m.

### PARKING:

We encourage visitors to park in the parking lot indicated on the map (see next page). Visitors will enter the campus from Kapolei Parkway. The parking lot will be to the right past the school's entrance.

### CHECK-IN:

Upon your arrival at Kapolei High School, check in for your child's appointment in the cafeteria. Please arrive no earlier than 15 minutes before your scheduled appointment. Patients who arrive too early will be asked to wait in a designated waiting area.

### WHAT TO BRING WITH YOU:

- 1) Picture ID.
- 2) Health insurance card (if you have one).
- 3) Prevacination Checklist (see third page).  
If you are able to print and complete the checklist, please do so and bring it to your appointment. If you cannot print this document, we will have them available for you to complete at your appointment. **IMPORTANT:** Please understand that Hawai'i Pacific Health may bill your insurance for vaccine administration.
- 4) Bring a printed copy of your appointment confirmation or be able to show your appointment confirmation on your mobile device.
- 5) If this appointment is for a second dose or booster shot, bring the CDC COVID-19 Vaccination Record Card that was provided to you at your first appointment.
- 6) Face masks must be worn at all times by everyone ages 2 and older.

### WHAT TO EXPECT DURING YOUR APPOINTMENT:

- When checking in for your child's appointment, be prepared to show the items listed above.
- Following check-in, you will be directed to the COVID-19 vaccination area. Staff will provide further instructions and guide you to a vaccination station where a health professional will explain the process and administer the shot.
- For your child's safety and well-being, they will be monitored for any side effects by medical personnel for a minimum of 15 minutes after receiving their shot.
- The Pfizer vaccine for children 6 months through 4 years of age is a three-dose series. The initial two doses are administered three weeks apart followed by a third dose administered at least eight weeks after the second dose. Before leaving, clinic staff will help schedule an appointment for your child's next dose.
- Dress children in comfortable clothing. The vaccine is given in the upper thigh for children 2 years and younger, so it is recommended that clothing be loose to allow easy access to the area.

All children receiving a vaccine must be accompanied to their appointment by a parent or legal guardian.
