

# HAWAI'I PACIFIC HEALTH

Kapi'olani • Pali Momi • Straub • Wilcox

## About Hawai'i Pacific Health

Hawai'i Pacific Health is a not-for-profit health care network of hospitals, clinics, physicians and other care providers. *Our mission is to provide the highest level of comprehensive care for our patients.*

Anchored by its four hospitals – Kapi'olani, Pali Momi, Straub and Wilcox – Hawai'i Pacific Health also comprises more than 80 convenient locations statewide. As one of the state's largest health care providers, Hawai'i Pacific Health's network of doctors and specialists work together to provide a distinctive and effective model of coordinated care for maintaining the health and wellness of our patients, from treating simple illnesses to complex diseases. As a not-for-profit, Hawai'i Pacific Health reinvests its earnings into patient care, community programs and improvements to medical equipment and facilities. It also means we invest in research, education and training as well as charity care for underserved people within our island community. Learn more at [hawaiipacifichealth.org](http://hawaiipacifichealth.org).

## History

In December 2001, Hawai'i Pacific Health formed as a result of the merger of three longtime industry leaders, Kapi'olani Health, Straub Clinic & Hospital and Wilcox Health. At the time, it became Hawai'i's largest health care provider with a combined history of 250 years of excellence.
