

FY 16 | Pali Momi At A Glance Fact Sheet

About Pali Momi Medical Center

Pali Momi Medical Center is a not-for-profit medical center located in 'Aiea, serving Central and West O'ahu. With private rooms, 118 beds and more than 400 physicians on its medical staff, Pali Momi offers a full range of services. It has delivered many medical firsts for the community, including West O'ahu's only interventional cardiac catheterization unit for the detection and treatment of heart disease, a fully integrated minimally invasive surgical suite, CT scan and MRI services, emergency services, a women's center and the state's first retina center. It is the only facility in Hawai'i that uses a team triage approach in its emergency department, where patients are promptly evaluated by an emergency physician. Pali Momi was founded in 1989 and is part of Hawai'i Pacific Health, the state's largest health care provider. Learn more at PaliMomi.org.

Mission

The mission of Pali Momi Medical Center is to create a healthier Hawai'i.

Pioneering Care for Central and West O'ahu

- Pali Momi is the only facility serving Central and West O'ahu that provides the following life-saving care:
 - Interventional cardiac catheterization unit.
