

LIVE, WORK AND PLAY IN HAWAI'I!

Pediatric Physiatry in Beautiful Hawai'i

Kapi'olani Medical Specialists and the John A Burns School of Medicine at the University of Hawai'i, are seeking a Fellowship trained and Board Certified / Board Eligible specialist in Pediatric Physical Medicine & Rehabilitation.

As the only full service Pediatric hospital in the state of Hawai'i, Kapi'olani Medical Center for Women & Children is home to subspecialists in pediatric orthopedic surgery, pediatric sports medicine, pediatric urology, pediatric gastroenterology, pediatric surgery, pediatric neurology and neurosurgery, pediatric intensive and neonatal care, and pediatric behavioral health who provide multi-disciplinary care focused on the whole child.

We are seeking a Pediatric Physiatrist to provide interdisciplinary, comprehensive rehabilitative services for a diverse population of infants, children and adolescents in the inpatient and outpatient arena. This candidate would work collaboratively with our rehabilitative department to diagnose, treat and manage children with neurological and musculoskeletal conditions. Full time clinical position with academic opportunities available.
